

AGREEMENT BD-MM-001

Website Design & Build Agreement

This agreement sets out what is being built, what it costs, and what each side is responsible for.

THE CLIENT

Molecular Miracles Chemistry Tuition

Lynsey Robinson
molecularmiracletutoring@gmail.com
Glasgow, Scotland

1 What is being built

Billy Digitals will design, build and deliver a website for Molecular Miracles Chemistry Tuition, comprising:

- A single-page website covering the tutor's background, the three SQA Chemistry levels, how the classes work, parent and pupil reviews, and an enquiry section
- An enquiry form that delivers straight to the Client's business email address
- A WhatsApp contact button available throughout the site
- 33 individual local pages, one for each town and city served across Scotland, plus an index page listing them
- A logo pack: horizontal and stacked lockups, reversed versions for dark backgrounds, the standalone mark, social profile picture, app icon and favicons, supplied as transparent PNG and vector SVG
- Mobile-responsive layout, scroll animations and an animated background theme
- Basic on-page search-engine setup: page titles, descriptions and structured data

2 Fee

ITEM	AMOUNT
Website design, build and delivery, as described in section 1 One-off charge. Not a subscription, and not a recurring fee.	£200.00
Total payable to Billy Digitals	£200.00

3 Domain name — not included

The domain name is separate from the £200 and is paid for by the Client.

A domain name (for example *molecularmiracles.co.uk*) is bought from a third-party registrar and renewed every year. That cost is the Client's, is paid directly to the registrar, and is not part of the fee above. Typical cost is around £10–£15 a year, set by the registrar, not by Billy Digitals.

Billy Digitals will help the Client choose and set up a suitable domain at no extra charge, and will connect it to the website. **The domain is registered in the Client's name and belongs to the Client.**

4 Hosting

The website will be hosted on infrastructure arranged by Billy Digitals at no additional charge for the first 12 months from the date the site goes live. After that the Client may either continue on the same terms by agreement, or move the site to a host of their choosing. Billy Digitals will hand over the files needed to do so on request. Any third-party hosting fees the Client incurs elsewhere are the Client's own.

5 Payment

- The £200 is payable in full once the website is complete and approved by the Client, before it goes live on the Client's own domain
- Payment by bank transfer to the account details supplied on the invoice
- Payment is due within 14 days of the invoice date

6 Revisions and changes

Two rounds of revisions are included, to be requested within 14 days of the Client being shown the completed site. A revision round means a single consolidated set of changes — wording, images, colours, layout adjustments and similar.

Work beyond that, or new features not listed in section 1, will be quoted separately and only started once the Client has agreed the price in writing. **No extra work will ever be carried out or charged without the Client agreeing first.**

7 What the Client provides

- Text, photographs, reviews and any other material to appear on the site
- Confirmation that the Client owns, or has permission to use, everything they supply — including photographs of people and any reviews quoted
- Timely responses to questions and approval requests, so the work is not held up

Billy Digitals is not responsible for the accuracy of information supplied by the Client, including qualifications, registrations and claims made about the service.

8 Ownership

On receipt of full payment, ownership of the finished website and the logo transfers to the Client. The Client may use the logo for any purpose — website, social media, print, signage, merchandise — without further payment or permission.

Billy Digitals keeps the right to display the finished website in its own portfolio and marketing, and retains ownership of any underlying tools, code libraries and templates used to build it, which are licensed to the Client for use on this website.

9 Timescale

Billy Digitals will complete the work within a reasonable period agreed between both parties. Delays caused by the Client not supplying material or approvals extend that period accordingly.

10 What is not included

- Ongoing content updates, edits or maintenance after handover and the included revisions
- Search-engine optimisation campaigns, paid advertising or social media management
- Email hosting or business email addresses on the domain
- Third-party costs of any kind, including the domain name

Any of the above can be quoted for separately if the Client wants it.

11 Cancellation

Either party may cancel in writing at any time before completion. If the Client cancels after work has started, a fair proportion of the fee is payable reflecting the work done to that point. If Billy Digitals cancels before completion, no fee is payable and anything already paid is refunded.

12 Liability

Billy Digitals will carry out the work with reasonable care and skill. Its total liability under this agreement is limited to the total fee paid. Neither party is liable for indirect or consequential losses such as lost profits or lost business. Nothing in this agreement limits liability where the law does not allow it to be limited.

13 Governing law

This agreement is governed by the law of England and Wales, and both parties agree to the non-exclusive jurisdiction of its courts.

14 The whole agreement

This document is the entire agreement between the two parties for this work, and replaces anything discussed or agreed beforehand. Any change to it must be agreed in writing by both parties.

Summary of the money, in plain terms

£200 one-off, payable to Billy Digital for building the website and the logo pack.

The domain name is separate, is paid by the Client directly to the registrar, renews yearly, and belongs to the Client.

No subscription. No recurring charge from Billy Digital. No extra work without the Client agreeing the price first.

Signatures

By signing below, both parties confirm they have read and agree to this agreement.

The three boxes in each panel are fillable — they can be typed into and signed on a phone or computer, or the page can be printed and signed by hand. A signed copy should be kept by each party.
