

Website Design & Build Agreement

Agreement dated: **2 August 2026**

The Provider: Bilawal Ali, trading as **Billy Digitals** · Tel: 07519 022117 · Hello@billydigitals.com · www.billydigitals.com · ("the Provider", "I", "me")

The Client: Lynsey Robinson, for and on behalf of **Molecular Miracles Chemistry Tuition**, Glasgow, Scotland · Tel: 07708 907247 · molecularmiracletutoring@gmail.com · Instagram: @molecularmiracleschemtutor · ("the Client", "you")

This Agreement sets out, in plain English, what the Provider will do for the Client, what it costs, and the terms both parties agree to. It covers the design and build of a new website for Molecular Miracles Chemistry Tuition, together with the logo and the local pages that help it be found on Google.

Services

The Provider will provide the following ("the Services"):

- 1.1 A single-page website** covering the tutor's background, the three SQA Chemistry levels (National 5, Higher and Advanced Higher), how the small-group classes work, parent and pupil reviews, and an enquiry section.
- 1.2 An enquiry form** that delivers straight to the Client's business email address.
- 1.3 A WhatsApp contact button** available throughout the site.
- 1.4 33 local area pages**, one for each town and city served across Scotland, plus an index page listing them, so the site can be found in local searches.
- 1.5 A full logo pack** — horizontal and stacked lockups, reversed versions for dark backgrounds, the standalone mark, a social profile picture, an app icon and favicons, supplied as transparent PNG and vector SVG.
- 1.6 Mobile-responsive layout** with scroll animations and an animated chemistry background theme.
- 1.7 On-page search-engine setup** — page titles, descriptions and structured data.
- 1.8 Deployment and setup** — publishing the finished website and connecting the Client's chosen domain to it, and configuring SSL so the site loads securely.
- 1.9 Google Business Profile** — creating and setting up the Client's Google Business Profile, so Molecular Miracles appears in Google Maps and in local "near me" searches across Scotland.
- 1.10 Google Search Console** — verifying the site and submitting the homepage and all 33 area pages for indexing, so the pages can be found in Google search results.

Optional add-ons (only if requested by the Client)

- 2.1 Business email on the domain** — for example hello@yourdomain.co.uk. This is a separate third-party service (Google Workspace or Microsoft 365, roughly £5–£7 per month) and is not included in the £300. The Provider will set it up if asked.
- 2.2 Ongoing updates and maintenance** after handover — quoted separately, only if the Client wants it.
- 2.3 Ongoing search-engine optimisation campaigns, paid advertising, or ongoing management of the Google Business Profile after the initial setup in clause 1.9** — not included, quoted separately if requested.

Fees

ITEM	ONE-OFF	MONTHLY
Website design and build Everything listed in clause 1, including the Google Business Profile setup and Search Console indexing. Payable in two instalments — see clause 4	£300	—
Hosting Not included — arranged and paid for by the Client, see clause 6	Paid by Client	—
Domain name Not included — bought by the Client from a registrar, see clause 6	Paid by Client	—

All fees are in GBP. The Provider is not currently VAT registered; fees are not subject to VAT. There is no subscription and no recurring charge from the Provider. The domain name is a third-party cost paid by the Client directly to the registrar, typically £10–£15 a year.

Payment — and “no payment until it’s live”

- 4.1** The total fee is **£300**, payable in **two instalments**. No payment is required up front.
- 4.2** **£200** becomes payable once the website is **finished, live and working** and the Client has confirmed they are happy with it.
- 4.3** **£100** is payable on **2 September 2026**.
- 4.4** Invoices are due **within 14 days** of issue.
- 4.5** Payment by bank transfer to the account below. Please quote the reference shown.

Account name	_____	Account number	_____
Sort code	_____	Reference	_____

The Client’s responsibilities

- 5.1** To allow the work to proceed, the Client agrees to provide, in reasonable time: the text, photographs and reviews to appear on the site; confirmation that the Client owns or has permission to use everything supplied, including photographs of people and any reviews quoted; details of the courses, levels and areas covered; and timely feedback and approvals. Delays in providing these may delay completion.
- 5.2** The Provider is not responsible for the accuracy of information supplied by the Client, including qualifications, registrations, insurance and claims made about the service.

Domain, hosting & ownership

- 6.1 The domain name (for example molecularmiracles.co.uk) is **bought from a third-party registrar and paid for by the Client directly**. It is **not** included in the £300, and the Provider takes no cut, commission or mark-up on it. Typical cost is £10–£15 a year, set by the registrar.
- 6.2 The domain is **registered in the Client's name, on the Client's own account**. It belongs to the Client at all times. If the two parties ever part ways, the domain stays with the Client, who may point it at any website, host or designer they choose.
- 6.3 A domain is rented, not owned outright. It must be **renewed every year** or the website and any email on that address stop working, and the name is eventually released for anyone to register. The Client is asked to keep auto-renew switched on and a valid card on the account.
- 6.4 The Provider will help the Client choose a suitable name, recommend a reputable registrar, walk the Client through the purchase and set up the technical records that point the domain at the website — all at **no extra charge**.
- 6.5 **Hosting is not included in the £300**. A website needs a host — the service that keeps it online. This is a third-party service arranged in the Client's name and paid for by the Client directly, in the same way as the domain. The Provider will recommend a suitable host, set the site up on it and configure SSL at **no extra charge**.
- 6.6 If the Client asks the Provider to host the site on the Provider's own infrastructure instead, that will be quoted separately and agreed in writing before it starts.
- 6.7 **On full payment of the build fee, the Client owns the finished website and the logo**, and may use the logo for any purpose — website, social media, print, signage, merchandise — without further payment or permission.
- 6.8 The Provider may reference the work in a portfolio or as an example of work carried out.

Revisions and changes

- 7.1 **Two rounds of revisions are included**, to be requested within 14 days of the Client being shown the completed site. A revision round means a single consolidated set of changes — wording, images, colours, layout adjustments and similar.
- 7.2 Work beyond that, or new features not listed in clause 1, will be quoted separately and started only once the Client has agreed the price in writing. **No extra work will ever be carried out or charged without the Client agreeing first**.

Term & cancellation

- 8.1 Either party may cancel in writing at any time before the website is finished. A message or email is fine.
- 8.2 If the Client cancels after work has started, a fair proportion of the fee is payable, reflecting the work completed to that point. If the Provider cancels before completion, no fee is payable and anything already paid is refunded.
- 8.3 Once the site is live, the fee for the work completed is non-refundable. If the Agreement ends between the two instalments, only the work actually carried out is payable.
- 8.4 On cancellation the Client keeps their domain and their website content, and the Provider will assist with a reasonable handover to the Client or a new provider.

Results — what is and isn't promised

- 9.1** The Provider will deliver the Services professionally and to a good standard. However, the Provider **cannot guarantee specific search rankings, or a specific number of enquiries, calls or pupils**, as these depend on factors outside the Provider's control — Google, competition, demand, time of year, and the Client's own response to enquiries. Any figures discussed are good-faith estimates, not guarantees.

Liability

- 10.1** The Provider is not liable for issues caused by third-party services — for example Google, the hosting provider, the domain registrar, or outages outside the Provider's control. To the extent permitted by law, the Provider's total liability under this Agreement is limited to the fees paid by the Client. Nothing in this Agreement limits liability that cannot lawfully be limited.

Confidentiality

- 11.1** Each party will keep the other's non-public information confidential and use it only to perform this Agreement.

General

- 12.1** This Agreement is the whole agreement between the parties and replaces any earlier discussions. It is governed by the law of England & Wales and subject to the courts of England & Wales. If any part is found unenforceable, the rest still applies.

This is a plain-English agreement intended to be clear and fair to both parties. It is not legal advice; either party may wish to take independent legal advice before signing.
