

7-DAY SOCIAL MEDIA PLAN · 2026

START HERE

How to use this plan

1 • One post a day

Each day has a theme, a ready graphic and a caption. Post once a day, ideally at the suggested time below.

2 • Copy & paste

Grab the caption, paste it into the app, attach the matching PNG (day1–day7), add the hashtags, and post.

3 • Reply fast

The first hour matters most. Reply to every comment and DM quickly — it boosts reach and starts conversations.

4 • Repurpose

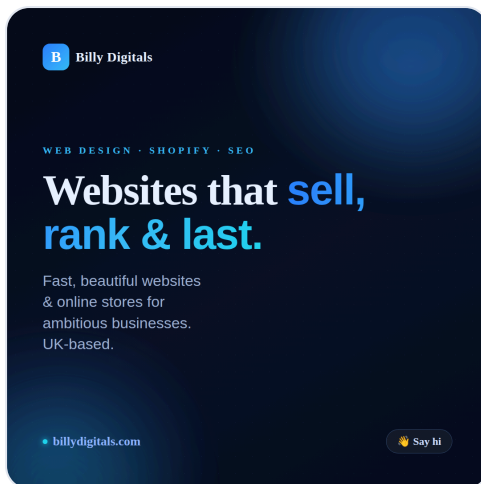

The same graphic works across Instagram, Facebook and LinkedIn. For TikTok, follow the short script provided.

BEST TIMES TO POST (UK)

When to hit publish

 Instagram	11am–1pm & 7–9pm · Tue, Wed, Fri best
 Facebook	9am & 1–3pm · weekdays
 TikTok	6–10am & 7–11pm · post daily if you can
 LinkedIn	Tue–Thu, 8–10am & 12pm

Golden rule: consistency beats perfection. Seven decent posts this week will do more than one perfect post a month. Keep going — it compounds.
