

LOCAL OUTREACH FIELD PACK · MANCHESTER

Win local clients in Heald Green & Chorlton.

A one-week plan to land barbers, takeaways, restaurants and local traders as web design clients — with ready-to-use pitches, a day-by-day route, and a printable call sheet.

Heald Green

Family businesses — Finney Lane & Outwood Road. Barbers, takeaways, salons, dentists, trades, estate agents.

Chorlton

Independents — Beech Road & Wilbraham Road. Cafés, restaurants, barbers, boutiques, wellness, bars.

Don't sell websites — offer a free review

The golden rule

Never lead with "do you want a website". Lead with a free, no-strings review of their current site. It's friendly, it's valuable, and it opens the door. Your only goal on a first visit is to leave with a name and a way to follow up.

KNOW THEIR PAIN

What to say to each type

Barber shops

Most people find a barber on their phone. Angle: **online booking + a gallery of your cuts + top of Google Maps**. "Stop losing walk-ins to the barber that shows up first on Google."

Takeaways

They're bleeding 20–30% commission to Just Eat/Uber. Angle: **your own website + online ordering, commission-free**. "Keep the full order value — your own ordering page pays for itself fast."

Restaurants

Angle: **online bookings, a beautiful menu, and glowing reviews up front**. "Look as good online as the food tastes — and fill more tables on quiet nights."

Local traders

Plumbers, electricians, builders, joiners. Angle: **get found for '[trade] near me', show reviews, get quote requests**. "Exactly what we did for Heat On here in Manchester."

Gardeners & landscapers

Angle: **a before-and-after photo gallery, "get a free quote" button, and top spot for 'gardener near me'**. "Your work sells itself — let's put the photos where local customers are searching."

Shopify / online shops

Independent retailers & e-commerce. Angle: **faster load, better product pages & checkout, and SEO for free Google traffic**. "Your store looks great — small speed & conversion tweaks can lift sales without spending more on ads."

Your three offers to lead with

1 · A free, honest review of their current site 2 · A free Website Checklist (billydigitals.com/free-website-checklist.html) 3 · £100 off if they book this month.

The full target list

Any local business that relies on being found, booked or bought from online is a prospect. Work through these — the ones with a weak or missing website are your best openings.

Kids & education

Nurseries · private tutors · music teachers · kids' activity clubs · after-school clubs

Events & creative

Photographers · videographers · DJs · event planners · cake makers · florists · venue hire

Best first targets

Barbers, takeaways, restaurants, gardeners, trades & independent shops — they depend most on phone searches and often have weak or no sites.

Who to contact — Heald Green

How to use this & an honest note: every business, area, type and website is from real search results. I couldn't open the live sites from here to grade them, so the ★ **hot leads** (no website of their own — verified) are your surest wins. For the rest, open the site on your phone before you visit and note the real weakness — the "what to pitch" column tells you what to look for by type.

★ **13 hot leads** with no website of their own — your easiest wins. 30 businesses on this page.

Your pitches

WALK-IN (20 SECONDS, IN PERSON)

"Hi, I'm Ali — I run Billy Digitals, I build websites for local businesses here in Manchester. I'm not here to hard-sell you anything — I just looked at [business] and I reckon your website could be pulling in a lot more customers than it is. I'd happily do you a free, no-strings review and show you a couple of quick wins. Who's the best person to send that to?"

BARBER / TAKEAWAY OPENER (TWEAK THE WALK-IN)

Barber: "...most of your customers are booking on their phone these days — I can show you how to get to the top of Google and take bookings online."

Takeaway: "...I help takeaways set up their own online ordering so you're not handing 25% to Just Eat on every order."

PHONE SCRIPT (TRADERS & RESTAURANTS)

"Hi, is that [name]? I'll keep it quick — I'm Ali, I build websites for local businesses and I've just done a free review of yours. There are two things costing you enquiries that I could fix in an afternoon. Can I email you what I found? No obligation at all."

COLD EMAIL — HEALD GREEN

Subject: Quick idea for [Business]'s website

Hi [Name], I'm Ali from Billy Digitals — I build websites for local businesses around Heald Green and South Manchester (recently for Heat On). I had a look at [business]'s site and spotted a few simple things that could win you more enquiries. Want a free, no-pressure review? Happy to do it whether we work together or not. — Ali · billydigitals.com · 07519 022117

COLD EMAIL / DM — CHORLTON (INDIE TONE)

Big fan of what you've built at [business] — proper Chorlton independent. 🍷 I'm Ali, I design websites for independents, and I couldn't help noticing your site doesn't quite do your shopfront justice yet. Want me to send a free, honest review — a few quick wins to help more people find and book you? No sales pitch, promise. — Ali · billydigitals.com

YOUR WEEK

7-day route plan

MON	Research. List 20 businesses (10 Heald Green, 10 Chorlton) with weak or no websites. Note names + find email/Instagram.
TUE	Heald Green walk-ins. Finney Lane & Outwood Road — visit 8–10 barbers, takeaways & shops in person. Collect names.
WED	Follow up + email. Send the free review to everyone from Tuesday. Send 5 fresh cold emails.
THU	Chorlton walk-ins. Beech Road & Wilbraham Road — visit 8–10 cafés, restaurants & barbers. Use the indie tone.
FRI	DMs + follow-up. DM 10 Chorlton independents on Instagram. Follow up Thursday's visits.
SAT	Chorlton (busy day). Cafés & bars are lively — soft chats, drop a card, "check us out: billydigitals.com".
SUN	Nurture. Send everyone the free checklist. Reply to anyone interested. Book calls for next week.

 **Target: ~40 real conversations. 10% want a review, half of those buy = 2 new clients in a week.**

HANDLE THE "NO"

Objection handling

- **"We already have a website."** — "Perfect, that's exactly who my free review is for. I'll show you what's helping and what's quietly costing you. Worst case, you find out it's spot on."
- **"Not interested / no budget."** — "No worries at all — can I leave you the free checklist so you've got it if you ever want it?" (still gets your brand in their hands)
- **"Just send me some info."** — "Will do — what's the best email? I'll pop the free review over today." (always leave with a contact)
- **"How much is a website?"** — "It depends what you need, so I quote every job individually — no hourly surprises. Let me send the free review first, then I'll give you a clear fixed price."

Your call sheet

Fill one row per business. Tick when you've sent the free review, and note a follow-up date so no lead goes cold.

Business	Area	Type	Contact (name / email / IG)	Review sent	Follow-up / notes

Before you head out: take printed cards with your logo + billydigitals.com + the free-checklist link · mention Heat On (your real local client) · always leave with a name and a contact · log every visit here the same day so you can follow up.
